

Private testing in the Monchique municipality

Clube Automóvel do Algarve (CAAL) was questioned by some teams still not entered on this year's edition of rallye Casinos do Algarve about the interpretation given to road tests prior to the event in the Monchique area.

Since this rally is will decide many championships and for everyone to have equal conditions and chances, CAAL will state the following:

Reconnaissance programme:

ERT/Portuguese championships event

November 14th

9:00h to 19:00h Reconnaissance SS 6 to 11

9:00h to 24:00h Reconnaissance SS 5 – Super Special Stage “Lagos”

November 15th

09:00h to 15:00h Reconnaissance SS's 1 to 4

09:00h 18:00h SS 6, 7 and 8

Sunday November 11th

09:00h 18:00h SS 3, 4 e 5

Since the rally uses practically all the roads available in the Monchique municipality, either as special stages or road sections, CAAL, in order not to happen erroneous interpretations about it, states that all drivers non-resident in Monchique and entered on the rally, that are found or located on a 5 Km perimeter from any of the special stages will be considered as ilegal recce and therefore liable to sanctioned by the FIA and FPAK.
