

Pre-event test

Rallye Casinos of Algarve

Usually a significant number of teams contact us on the days before the rally to perform a pre-event test in order to tune their cars. As this year all the roads in the Monchique municipality are used either for special stages or road sections, Clube Automóvel do Algarve, with the aim of simplifying this demand, will organize on November 13th (Tuesday), between 9:00 a.m and at 13:00 a.m. and at 2:00 p.m. and 5:00 p.m., a testing session.

It will be available from the same starting point and simultaneously two courses with 3 kms each, one slower and one faster, that are representative of the SS that can be found in the rally's itinerary;

- Place: Municipality of Lagos
- 1 winding course
- 1 Fastest route
- Road closed and guarded by the Police / National Guard. Marshalls and communications will be present as well.
- Ambulance and first aid services
- Municipal and Police permits guaranteed.
- Price per driver: € 150
- Those interested must book their entry up to November 9th, to email geral@clubautomovelalgarve.pt
